Curriculum Notebook Table of Contents

Standards indicate the broad goals for a student to master in a course. Standards are typically set by a state or district school board.

Mathematics Practice Standards	Page 4
Secondary Math 2 Content Standards	Page 8

Essential Learning Standards

Particular standards/objectives/indicators that a school/district defines as critical for student learning. In fact, they are so critical that students will receive intervention if they are not learned. Essentials are chosen because they 1. have endurance, 2. have leverage, and 3. are important for future learning.

.....	Page 15
-------	-------------------------

Curriculum Resources

The materials teachers use to plan, prepare, and deliver instruction, including materials students use to learn about the subject. Such materials include texts, textbooks, tasks, tools, and media. Sometimes organized into a comprehensive program format, they often provide the standards, units, pacing guides, assessments, supplemental resources, interventions, and student materials for a course.

USBE Core Curriculum Guides	Page 16
---	-------------------------

Pacing Guide

The order and timeline of the instruction of standards, objectives, indicators, and Essentials over the span of a course (semester or year).

.....	Page 100
-------	--------------------------

Units

A plan for several weeks of instruction, usually based on a theme, that includes individual lesson plans. Units often also include: Standards, learning targets/goals, skills, formative and summative assessment, student materials, essential questions, big ideas, vocabulary, questions, and instructional methods.
